FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF PENNSYLVANIA

DUPONT™ AVAUNT® INSECTICIDE

EPA Reg. No. 352-597

**FOR CONTROL OF WHITE PINE WEEVIL IN CONIFER TREES
IN THE STATE OF PENNSYLVANIA**

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. DuPont™ Avaunt® Insecticide is recommended for use in conifer trees grown for use as Christmas trees or as nursery stock to control white pine weevil (*Pissodes strobi*) in Pennsylvania.

HOW TO USE

Apply 3.5 to 6.0 ounces of Avaunt per acre via ground, air or airblast application equipment. To ensure thorough coverage, use at least 20 gallons of water per acre for ground and airblast applications and at least 5 gallons of water per acre for aerial applications.

Reentry into treated areas is prohibited for 12 hours unless the personal protective clothing and equipment specified on the AVAUNT® product label for early reentry are worn.

Do not apply more than 6 oz of Avaunt (0.11 lb. ai) per acre per year.

Do not apply within one day of harvest.

IMPORTANT

Before using AVAUNT®, read and follow all applicable directions, restrictions and precautions on the EPA-Registered label.

This bulletin contains new or supplemental instructions for use of this product which do not appear on the EPA-registered package label. Follow the instructions carefully.

This labeling must be in the possession of the user at the time of pesticide application.

Read the Limitation of Warranty and Liability on the Section 3 Federal product label before buying or using THIS product. If terms are not acceptable, return the unopened package at once to Seller for full refund of purchase price paid. Otherwise, use by Buyer or any other User constitutes acceptance of the terms of the Limitation of Warranty and Liability on the Section 3 Federal product label.
